

BULK PICKUP PRESS RELEASE

2/16/2023

The City of Leon Valley has been made aware that most of the community just received the notification on bulk pickup. The City of Leon Valley is the one that sends out the postcards and not Tiger Sanitation. We are not sure what exactly happened, but the postcards did get held up in delivery. Therefore, Tiger Sanitation has so graciously extended our pickup date to March 6, 2023.

We are aware that there are piles out already and many of you have been working diligently to get your piles out on time. We extend our sincere apology, but we did feel that an extension was still warranted.

If you have any issues with your current pile, please call the City Manager, Crystal Caldera, at 210-803-3352.

Again, we would like to thank Tiger Sanitation for their accommodation.

Respectfully,

Crystal Caldera, MPA, PhD
City Manager
City of Leon Valley
